

3C BATTERY BOX Set

Instructions:

This LED light set with timer is battery-operated (requires three "C" size alkaline batteries which are not included).

- 1) Remove label if any, as shown in Figure1
 - 2) Open the battery box as shown in Figure2.
 - 3) Insert the batteries as shown in Figure3.
 - 4) Push the button as shown in Figure4 to turn on and turn off.
- 5) Once the light set is turned on, an automatic timer will now keep the light on for 6 hours. It will then turn off for 18 hours. The light set will continue to repeat this cycle throughout batteries' life (unless the light set is turned off). To start the cycle, it is important to turn on the set at the preferred time. For example, if turned on at 6pm, it will remain lit until 12midnight, and continue to repeat this cycle throughout the battery's life.

Note: This product is for seasonal decoration use only, not a toy. It is not intended to use by children.

- 1) Do not mix old and new batteries.
- 2) Do not mix alkaline batteries with standard (carbon-zinc) or rechargeable (nickel-cadmium) batteries.
- 3) Do not use rechargeable batteries.
- 4) Remove batteries at end of season before storing, to avoid battery leakage and corrosion.
