

Saxx

5' LARGE ADULT SIZE BEAN BAG

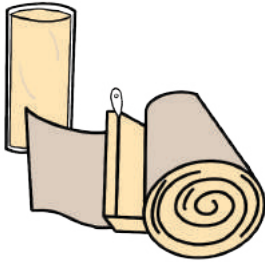

JAXX[®]

Saxx 5' Set-up Instructions

1

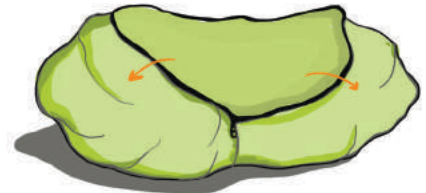

Unroll the plastic film from the foam. **DO NOT CUT OPEN** or remove the protective liner. The foam can take 24 hours to expand fully, but a cover can be applied after 20 minutes.

2

Flip & knead the foam to introduce air back into the micro cushions.

3

Open the cover and spread it out on the floor.

4

Place the bean bag in the cover. The liner zipper and cover zipper should be perpendicular to each other, with the cover zipper running parallel to the floor.

5

Pull the cover over the bean bag and zip it closed. Enjoy!

6

Optional: Use a paper clip to open the childproof zipper to add or remove foam from the liner.

Washing instructions (cover only): Machine-wash cold with mild detergent and hang dry. Do not bleach.
