

## ASSEMBLY INSTRUCTION SHEET

Carefully follow the instructions below on how to quickly and easily set up your new tree.

### ASSEMBLY

1. This tree has pole to pole electrical connectivity, please assemble the tree according to below diagram.
2. Shape the tree to a natural look.
3. Your Christmas tree is now complete and ready to be decorated.

The diagram just for reference.  
The tree layers may be from 2 (A, B) sections to  
8 (A, B, C, D, E, F, G, H) sections.

1. Pull apart the legs of the stand so that they are x-shaped.
2. When inserting the bottom section of the tree into the assembled stand, thread the eyebolt into the stand and tighten until the pole is firmly secured.

### STORAGE / CARE:

1. Remove all ornaments and décor, disconnect light sections.
2. Disconnect sections A B C... and the tree base from one another.
3. Carefully tip over each section, one at a time and flatten the branch tips.
4. Place the tree stand and tree sections into a tree storage bag or box. Do not store the tree in a wet area or an area with temperatures exceeding 100F.
