Pro Action Water Basketball Game

Contents

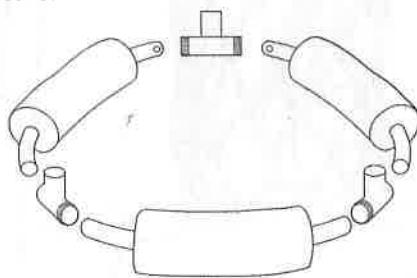

1. Connectors (6 - 3 Top / 3 Bottom)
2. 13" Curved Top Tubes (3)
3. Net (1)
4. 22" Legs (3)
5. 20" Curved Base Tubes (3)
6. Foam Floats (3)
7. 7" Play Ball With Inflating Needle (inserted in handle of pump)
8. Plastic Rivets (12)

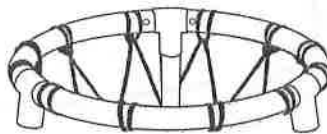

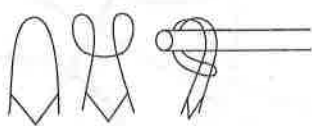

Assembly Instructions

- 1 Slide one foam float on each of the three 20" curved base tubes.
- 2 Attach each of the three 20" curved base tubes together using the connectors marked "BOTTOM". Insert 6 plastic rivets into each of the pre-drilled holes to secure the base tubes to the connectors.

NOTE: The net must be attached to the top rim BEFORE the three 13" curved pieces are bridged together with the connectors.

- 3 Attach 4 loops onto one of the 13" curved pieces. Add a connector marked "TOP" to both ends and repeat with adding 4 more loops onto each of the remaining 13" curved pieces. Insert 6 plastic rivets into each of the pre-drilled holes to secure the base tubes to the connectors.

Visit www.poolmaster.com for video of net installation

- 4 Attach the three legs to the openings in the bottom connectors and matching parallel top connectors.
- 5 Enjoy!

Product Care & Storage

Your new poolside game has been made with many non-corrosive quality materials and should provide you with years of enjoyment with proper care. However, sun and chemically treated pool water (chlorine) are natural enemies of many synthetic materials. For maximum life of your game:

1. Do not leave the game floating in the pool when not in use.
2. After use, wash away the chlorine pool water with tap water from a garden hose.
3. When not in use, store your game in a dry place away from direct sunlight and chemicals.
